ORGANIZATION OF THE BOOK
The selection of which demographic factors to include in the book was provided by the 2000 Census Bureau, in a detailed report of this project. The results were selected to provide a good cross-section of demographic data, and to provide information that is useful to a wide range of professionals and researchers.

The data paragraphs in this state volume provide a basic demographic profile for each county and selected county subdivisions and places. Complete profiles are included for selected areas, usually those with a population over 100. Most profiles are included for all available years. Highlighted profiles for all years may be found on the internet at [http://www.polidata.us](#)
