

APPORTIONMENT IN 2000, NATIONAL SUMMARY

GROWTH PATTERNS & APPORTIONMENT, 1999 ESTIMATES EDITION

*A State-by-State Summary of Population Estimates and Apportionment Charts for 2000.
Annual estimates since the 1990 Census and Projections for 2000.
Graphic Chart Mini-Reports for all 50 states.*

Another POLIDATA ® reference tool for demographic and political research on CONGRESS.

Two types of reports: Population Growth Charts and Apportionment Charts

- *Population Charts compare growth rates for each state with national growth year-by-year*
- *Apportionment Charts assess the strength of any state for an additional seat in the U.S. House of Representatives.*
- *includes Press Releases analyzing the Polidata ® Projections of Population for 2000*
