

Additional Persons Needed to Shift Seats

Based on Population Projections for July 1, 2000

Without Adjustment

States down received seats; states across did not receive seats indicated

Rank	State	Seat	436 Mississippi 5th	437 Wisconsin 9th	438 Pennsylvania 20th	439 Michigan 16th	440 North Carolina 13th
431	Indiana	10th	33,675	80,067	218,275	191,731	180,738
432	Utah	4th	33,499	79,732	217,505	191,120	180,245
433	New York	29th	32,142	77,157	211,589	186,418	176,455
434	California	52nd	8,445	32,195	108,296	104,329	110,273
435	Georgia	13th	3,885	23,544	88,423	88,536	97,539

Note:

Projections from PPL-47; Adjustment factors from CB92-197.

- 1 The table lists the number of additional persons needed for one state to replace another in the priority listing by which seats in the U.S. House are apportioned.
- 2 The states listed in the left column were the last to receive additional seats. The states listed across are the next states to receive additional seats but did not.
